

Community Fundraiser and Event Proposal Guidelines

Texas Children's Hospital supports excellence in patient care, education and research with a commitment to quality service and cost-effective care to enhance the health and well-being of children locally, nationally and internationally.

Given the seriousness of this mission, we take precautions to safeguard the integrity of the institution. These guidelines have been prepared for individuals, organizations and other groups interested in planning an event or fundraiser benefiting Texas Children's Hospital.

We give you this information so there are no misunderstandings or disappointments with regard to our ability to support your event or fundraiser. We appreciate your fundraising efforts and thank you for assisting us in upholding our vision and mission.

- The Office of Development has the right to approve those events and fundraisers that represent the Hospital appropriately, uphold our mission and image, and offer net proceeds or an acceptable percentage of net revenue to Texas Children's Hospital. The completed Events Proposal Form must be submitted to the Office of Development at least 30 days in advance of the event for timely consideration.
- The use of the Texas Children's Hospital logo and name may be used only after the Office of Development has granted approval. All printed materials and other publicity to be published with the Texas Children's logo or name must be submitted for review and approval by an authorized Office of Development representative prior to printing and distribution. We ask that no announcement or publicity of any proposed event be made until the Office of Development has given its approval.
- All publicity materials should clearly state that proceeds benefit Texas Children's Hospital. Texas Children's Hospital reserves the right to approve any and all co-beneficiaries.
- Fundraisers involving raffle sales, prior drawings and gambling are prohibited.
- Staff at Texas Children's Hospital will not participate in the sale of event tickets or solicit event sponsorships or in-kind donations. Additionally, this applies to the sale of merchandise (CDs, books, T-shirts, etc.) to benefit Texas Children's Hospital.
- If an organization plans to solicit contributions, sponsorships or in-kind gifts from businesses, the list of potential business sponsors may be requested for review by the Office of Development prior to approaching such sponsors. Texas Children's Hospital does not share its mailing list to third party organizations.
- If funds will be raised online, Texas Children's will work with the point of contact of the fundraiser to determine the best way to collect the proceeds through Texas Children's Ways to Give web site. Use of any third-part sites must be approved by Texas Children's Hospital prior to set up.
- If registrations and/or funds are collected through Texas Children's web site, reports will be provided to the main point of contact in a standard format and frequency and duration will be established at the start of the project. Individual donor's gift amounts will not be provided.

- Typically, hospital representation may be available for the event; however, all requests are considered well in advance of the event. All net proceeds must be submitted to Texas Children's Hospital within 30 calendar days.
- Once form is submitted, please give the Office of Development a minimum of seven days to review your proposal.
- If the proposal is approved by the Office of Development, Texas Children's Hospital, in its sole discretion, may require the fundraising organization to enter into a contract with Texas Children's Hospital to further define the parties' respective obligations for the event before the event may occur.

Funds should be made payable to and mailed to:

Texas Children's Hospital
